## Nurses Sponsor Meeting

## Aux. Hospital Board Still To Be Named

Although Vulcan is named, by ministerial order, as the site for the proposed auxiliary hospital for this area, the formation of a temporary report has been held up as several towns and villages in the area have not yet appointed their representatives to the board, although requested, by the County, to do this some months ago. Strong opposition to the locating of the proposed hospital in Vulcan is coming from the towns of High River and Okotoks and the MD of Foot-hills and the choice of Vulcan as the site must still be confirmed.

This information was given by the Hon. Rev. Peter Dawson, M.L.A. for the Little Bow, at a meeting held in the Vulcan United Church basement on Saturday, April 14, when a program on "Care of the Elderly" was presented by the Vulcan Chapter of the Alberta Association of Registered Nurses. The provincial program for the construction of auxiliary hospitals in Alberta is scheduled to be completed by 1965, said Mr. Dawson.

M. R. Morrison, mayor of Vulcan extended the town's welcome to the visitors present and Mr. Dawson and other speakers were introduced by Mrs. G. E. Graham, president of the Vulcan Chapter AARN.

D. D. Landers, Black Diamond, spoke on the "Care of the Elderly." He emphasized the great need of preparing for one's old age and stated that people caring for the elderly must also prepare themselves by being sympathetic, understanding and tolerant. His talk showed a sincere and deep understanding of the problems and frustrations that may be found in some people in their declining years.

Miss I. Newman, matron of the Willow Creek Auxiliary Hospital at Clarholm, gave an interesting talk on "The need for an Auxiliary Hospital." She stressed that the

aim of an auxiliary hospital is not to be "a place to end one's days in" but a place that can rehabilitate to the fullest extent so that the patient may again take his place in the community and live a useful and contented life.

About 60 persons attended the meeting.

## C.W.L. Elects New Officers

The annual meeting of St. Andrew's Council of the Catholic Homes League was held in the parish hall on April 12, with a record number in attendance. Father Marien opened the meeting with the League Prayer and Mrs. Alice Scales proceeded with the business to be covered.

## County Will Build Approaches

## New Bridge Over Little Bow Planned

At the April 13 meeting of the County of Vulcan council, which was continued from April 3, it was noted that the Bridge Branch of the Department of Highways has approved construction of a new bridge over the Little Bow River east of Nanton and that the Municipal Committee of the County had discussed this matter with the Municipal District of Willow Creek. A considerable amount of dirt work must be done to build the new approaches on the east and west sides of the river and at the meeting with the M.D. of Willow Creek it was decided that the County would do the work on both sides of the river and forward a statement of account to the M.D. of Willow Creek.

Municipal Chairman Ivan Haga reported on other activities of his committee. The scraper camp near Carmangay is working on the river hill north-east of Carmangay and the gravel trucks will soon be in operation.

Council granted permission to Calgary Power Ltd. to construct, maintain and operate power transmission lines along the highways, streets and avenues of the County as necessary in order to supply the residents of the Little Bow Park Subdivision with electric power, providing such transmission lines do not interfere with road building projects of the County and providing there be no liability whatsoever on the part of the County.

County Assessor R. Kotkas was present to discuss various aspects of the new general assessment and noted there were wide discrepancies in the classifications of certain lands. It was felt that a complete and detailed assessment of all lands in the County was both desirable and necessary.

The County has been approved for a grant of \$5,485 for park improvements and certain other park expenditures subject to the approval of the Provincial Parks Department. The secretary was instructed to write to the department to enquire if it would be possible to obtain a grant of \$1,200 to pay a caretaker at the Lake McGregor Memorial Park.

Council approved expenditure of the sum of \$1,500 as 50% of the cost of a new ambulance. The Town of Vulcan will provide the same amount as its share of the cost of the new vehicle, which will bring the ambulance service up to a good standard.

School Chairman J. M. McKay reported that salary negotiations with the teachers are continuing in respect to the new schedule to take effect in September, 1962.

The Agricultural Service Board reported that Vibriosis appeared to be increasing in cattle herds in the County. The following resolution was passed to be forwarded to the Veterinary Services Branch and for consideration at the annual Municipal Districts convention:

"That the County of Vulcan No. 2 recommends to the Veterinary Services Branch of the Department of Agriculture that more research be undertaken, appropriate legislation regarding dispersal sales be enacted and a management guide

and regulations for community pastures be drawn up for the control and prevention of Vibriosis.

The dates for meetings in May were set as follows: School Committee, May 7, at 10 a.m.; Municipal Committee, May 9, at 10 a.m.; County Council, May 11, at 10 a.m.

## Religious Drama At United Church On Easter Sunday

The Religious Drama Group of McKillop United Church, Lethbridge, under the direction of Mrs. Joy Pritchard, will present a non-denominational religious play at the Vulcan United Church, Sunday evening, April 22, at 8:30 p.m.

Entitled "Christ in the Concrete City," this is a play of the Crucifixion, a powerful and dramatic story of the "bloodiest murder ever known." The players present "what happened once and what is happening today" unaided by the use of scenery, props or costumes. This thought-provoking, soul searching play is definitely not for youngsters.

In the cast are Fred Pritchard, Sandy McCallum, Bill Matheson, Gwyneth Bell, Kay Haworth and John Dutton. Sponsoring their appearance in Vulcan is the Vulcan County Arts Council and a collection will be taken to cover expenses.

## THE WEATHER

A wind and dust storm hit most of Southern Alberta last Sunday afternoon and much soil drifting occurred on summer-fallowed fields. The high winds continued most of the day but the storm passed through Sunday night and Monday and Tuesday have been calm. Fields are very dry and soaking rains are needed.

## Win At Music Festivals

The talents of three Vulcan district youngsters was rewarded recently at two musical contests held in Calgary, the Eastern Star Festival and the Calgary Music Festival.

Eleven-year-old Stewart Galbraith, and seven-year-old sister Judy, members of the Doug Galbraith family and Donald Hansen, 12, son of Mr. and Mrs. Harold Hansen of Ensign, all placed high in standings and marks in the events entered.

In the Eastern Star Festival held March 30, Stewart Galbraith, who began music studies last fall placed first in a class 11-years-and-under, with a mark of 84. Judy Galbraith, in a class of seven-years-and-under, also placed first with 84 points.

Donald Hansen received a mark of 88 at the same festival to top the vocal section.

At the Calgary Music Festival held during the week of April 9-14, Donald and Stewart won first place in the twelve-years-and-under duet singing.

Donald Hansen then placed first in the twelve-years-and-under vocal solo with 86 points and second in the twelve-years-and-under for folk songs with 87 points.

He was chosen to sing in the junior concert at the Jubilee Auditorium on Friday night and appeared with several other winners Saturday morning on Channel 2 CHCT-TV.

In the eleven-years-and-under class at the Calgary Music Festival, Stewart Galbraith placed second with 86 points and also placed 4th with 85 points, in the seven-years-and-under Choir Boy class. There were 15 entries in this class.

Donald and Stewart are both pupils of Mrs. Eileen Higgin, a noted music teacher of Calgary.

This year's Calgary festival was filled with 10,000 contestants making up 1500 entries which competed in 380 classes.

## New Constable Hired

## Building Permits Approved

Mostly routine business occupied the attention of members of the Vulcan town council at their regular April meeting. Mayor M. R. Morrison and Councillors Stuart Joiner, Frank Burchak, George Richardson, C. G. Ness, W. G. Sutherland and Douglas Smith were all present.

Three building permits were approved: Beaver Lumber, for a 14x60 ft. open lumber shed, estimated cost \$1000.

Mrs. Hazel Smith, for a 24x26 ft. cinder block garage, estimated cost \$1600.

Neal Dumka, for a 10x16x14 frame addition to dwelling, estimated cost \$4,000.

A representative of C. C. Parker, Whittaker & Co., was present at the meeting and arrangements were made to have this firm supervise the alteration of ditches in town to improve the drainage. The plan of survey and grades for installation of new water lines will be left in abeyance until after all the new wells are tested.

The resignation of Police Con-

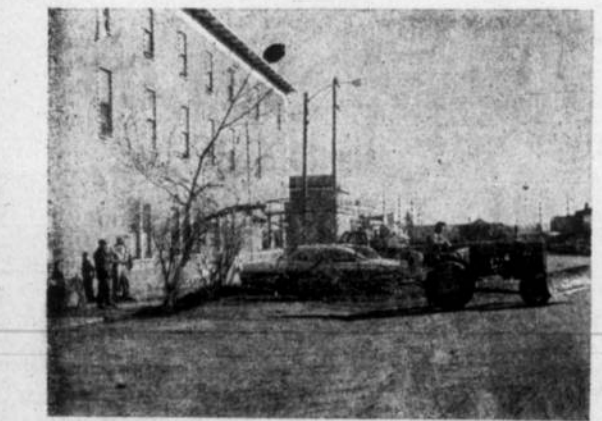

stable Albert Knowles was accepted. The matter of choosing a new constable was left to the police committee and Lawrence Kenny of Lethbridge has since been hired on a three-months trial basis as the second member of Vulcan's two-man police force.

A by-law was passed to provide for payment to the Lions Club of the sum of \$250 towards the cost of operating the Memorial Swimming Pool. It was noted that the County of Vulcan has increased its grant to the swimming pool from \$250 to \$500 a year.

Councillors decided that the town would pay \$100 towards the cost of 80 feet of new sidewalk in front of the Beaver Lumber property, Beaver Lumber to supply any additional materials and labor.

Council approved a request by the Department of National Defence for permission to install a 100-ft. radio tower on the RCMP grounds.

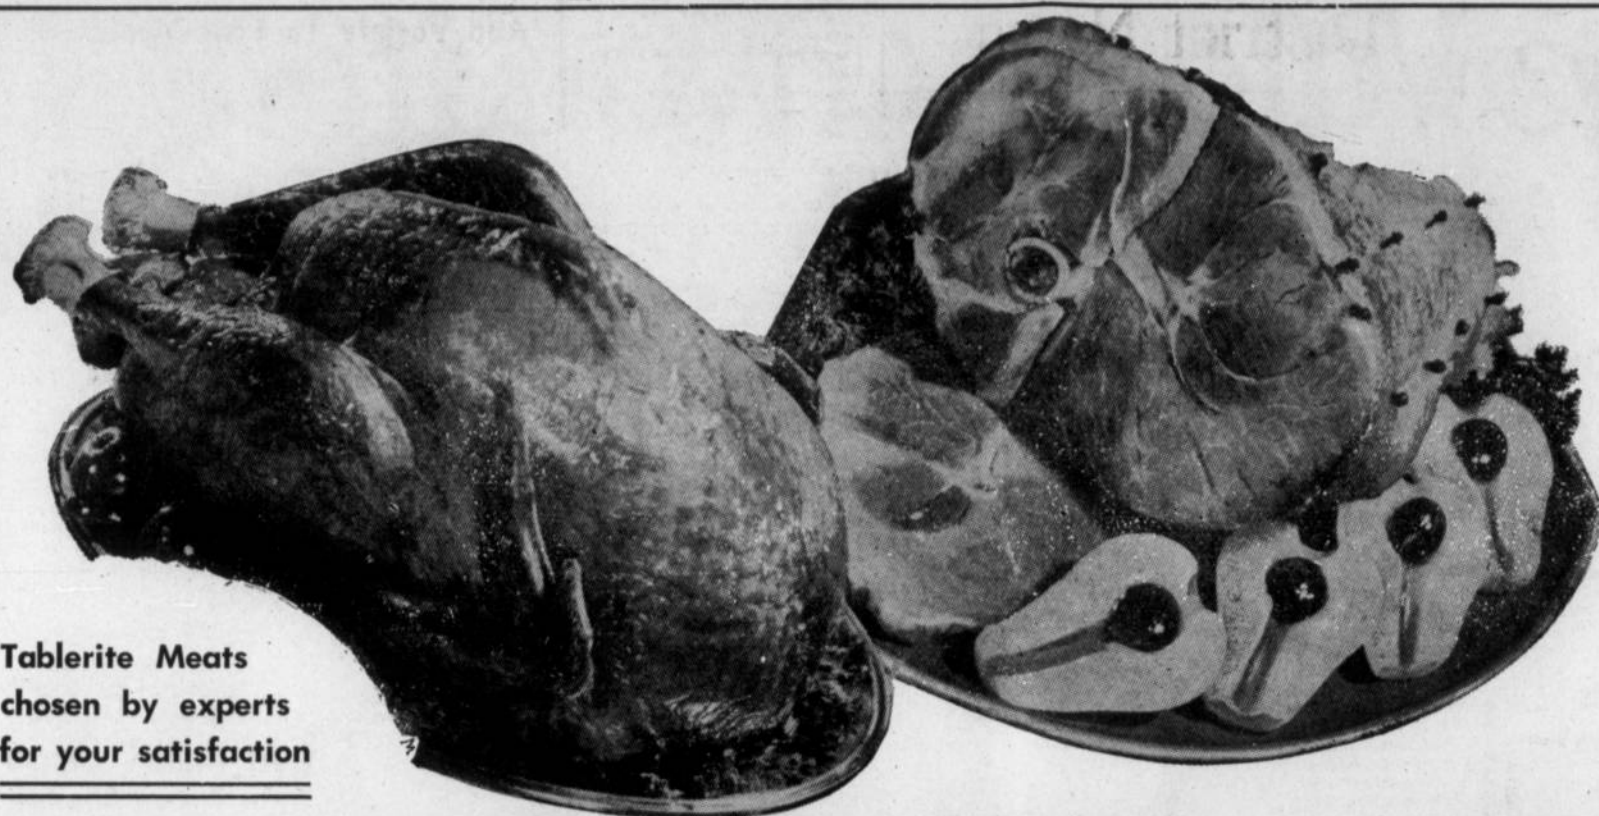

It was decided that the annual court of revision would be held at the town office on Tuesday, April 24.

WOODSMAN spare that tree! The Vulcan Hotel, once lined with trees, is now as free from foliage as other business places along main street. It seems the trouble stems mostly from our local feathered friends who, perched in the branches, showed no respect for autos parked below. This is one

problem which defies even the biggest of cities and can only be met by the same solution as was forced locally. So the birds have lost their battle with cars and their perch, and many oldtimers will miss the pleasant summer shade. So necessary but such a shame!

## HOME &amp; SCHOOL ASSOCIATION

The regular meeting of the Carmangay Home & School Association was held on April 12 with 18 members and two guests present.

President Wally McIntyre opened the meeting and called on Mrs. Melvina Roemmele to read the creed. Mrs. Elvora Anderson reported that 14 members had gathered at the home of Mrs. Norrie MacMillan in March to hear The Farm Forum program on Education.

A letter from the Champion Home & School Association was read, requesting representatives to be present at their meeting on April 16 to assist in arranging for the grade 11 graduation in May. Mrs. Emma Smith and Mrs. Josephine Hetal offered to attend. The delegates to the convention in Calgary in May are: Mrs. Elvora Anderson (official), Mrs. Melvina Roemmele, Mrs. Emma Smith and Mrs. Rosella Hubka.

The program committee then introduced the guest speaker, Corporal Graham from the Lethbridge detachment of the RCMP, whose topic was "Safe Driving". Corporal Graham gave a very concise and clear manner the Rules of the Road and the audience showed their appreciation by the questions asked in the buzz session that followed. Two films were shown entitled "Drunken Driving" and "Driving in the City"; the first being a shocking story of the results of drinking and driving and the second being very helpful instructions on the do's and don'ts in city driving.

The resident thanked Corporal Graham for his interesting talk and lunch was served by the hostesses to conclude the meeting.

## TRAVERS

Miss Elizabeth Bartman, district home economist gave a most interesting sewing clinic in the WI club house. Eleven ladies were present to learn all they could. ## WI GIRLS' CLUB

The Little Ladies WI Girls Club held their April meeting in the WI club house with Terry Watson in the chair. Donna Root was secretary. There were 15 members and three visitors present.

Old business discussed was the cleaning of the hall. It was decided to clean it the Thursday evening prior to the Easter Monday dance. Shearer's Orchestra of Carmangay will play at the dance. The flatware set will be drawn for.

It was decided to hold the annual family picnic on May 13, below the Travers dam. Lunch will be pot-luck. The handicraft was picked to go for competition at the Olds conference. The girls decorated plastic detergent containers with lovely designs made from shells. These make very attractive vases and made the achievement part of the program most interesting.

The roll call was answered by each member modelling a home-made Easter bonnet. This proved to be very entertaining and a great deal of originality was shown in the making of the hats. The raffle of the day, a lovely bracelet, was won by Terry Watson.

Hostesses for the next meeting will be Jackie and Mary Elliot. It was decided to make this an evening meeting and to hold it on Friday, May 4.

The meeting concluded with the serving of a lovely lunch by Nancy Jean Lomas and Linnette Tolsdorf.

ALL NEW

"247"

HEAVY DUTY

## CULTIVATOR

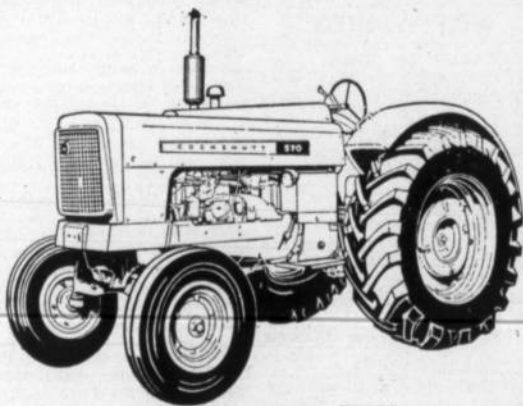

### RUGGED STRENGTH FOR BIG-ACRE TILLAGE

Again Cockshutt steps ahead in the tillage field. The completely new Cockshutt "247" Cultivator is precision engineered for the roughest work behind the biggest tractors... to do every job easier, more effectively, more efficiently.

A basic 14-foot fully-welded channel trussed frame can be extended to 16 feet or 18 feet to match tractor power with job requirements. You can work 13, 15 or 17 farm-famous Cockshutt spring-release shanks... from 1" to 15" down.

Working deep, the "247" will rip and crack through hardpan, prevent surface run-off, conserve moisture, stop erosion, to regenerate pasture land. With sweeps up to 18", shallow cultivation will cut off weeds and stubbles at the roots, leaving a protective mat to stop wind erosion, also conserving moisture.

You'll like the unrestricted trash clearance... high road travel clearance. A fully adjustable hitch is adaptable to any tractor. Perfect balance permits one-man, one-hand hitching... assures even pulling to prevent "dog-legging" behind your tractor.

SPECIAL— COCKSHUTT 570D

### MUTUAL TELEPHONE CO.

A meeting of the Queenstown Mutual Telephone Co. was held in the Legion hall on Friday, April 13, with George McMorris, President, in the chair.

An outline of the last few years was given due to lack of meetings during that period. Financial statement was a most favorable one.

Elections of officers were held with George McMorris, President; Jessie Laid, vice-president; Mrs. Don McCord, secretary-treasurer; Neil Nelson and Stan Brown, directors.

Mrs. M. T. Edwards was granted a bonus for her 10 years of service with the company and best wishes were extended to her in making her home at Nanton.

Line repairs were kept at a minimum due to the dial system coming into being in the not too distant future. At that time it is quite evident that more lines and new lines will have to be built according to the stipulations governing the dial system. Everyone is asked to check for trouble on their line when trouble arises as so often it saves calling in the trouble shooter.

### — LAST WEEK'S MARKET REPORT —

**BEEF SALE, APRIL 13th**— A very good sale with no choice quality beef on offer. Good to low choice butcher steers \$22.50 to \$24.20; Good to low choice butcher heifers \$20 to \$22.30; Cows were strong, selling up to \$18 for the best we had. Light good dressing cows could sell higher. People with fed yearlings weighing from 550 to 700 can't expect top prices because these cattle are not carrying enough finish for the packers and too much for the feeder. Stock cows sold up to \$180. Stock steer calves are selling good at from \$22 to \$26. Stocker steers are good from \$20 to \$24. Stocker heifers and heifer calves are not selling as strong unless they have enough finish to interest the packer. Our cattle market looks nothing but good as far as the future is concerned.

**PIG AND MILK COW SALE, APRIL 14th**— Once again feeder pigs seemed lower as compared with the weaners. Weaner pigs \$6.50 to \$9; Feeder pigs \$9.50 to \$18; Piggy sows \$42.50 to \$70; Boars \$12 to \$30; Milk Cows \$150 to \$200; Baby Calves \$15 to \$60.

## Lomond News

Mr. and Mrs. Fred Walker and granddaughter, Paula Joy, spent last weekend at Kalispel, Montana. Mr. and Mrs. Hirst Goldthorpe and son Keith, are the proud owners of a lovely new 88 Oldsmobile car.

Mr. and Mrs. Aubrey Root were visitors in Lethbridge one day last week.

Terry Chase was a weekend visitor at the Ralph Richardson home at Berrywater.

Mr. and Mrs. Harris Caulfield were in Calgary on Saturday to visit the latter's father, E. M. Benson, who is quite ill. Best wishes for a speedy recovery are extended to Mr. Benson.

Friday 13th supposed to be an unlucky day proved to be just the opposite for Mrs. Vern Williams, who had been up town shopping, and after arriving home noticed the diamond from her ring was missing. She phoned the Red and White Store and told them and Mr. Frost assured her they would have a good look around. We think he was as amazed as everyone else, when clerk Mrs. Phyllis Pytlarz spied the tiny stone under the edge of the Frozen Food section. Like looking for the proverbial needle in a haystack.

Not so lucky was the Dry Cleaners truck (believed to be from Taber). They had parked the truck and while away from it, it just took off across the sidewalk and crashed into the front porch of the home owned and occupied by Mrs. Thomas Chapman, moving the whole porch about six inches. The truck did not seem to have received much damage.

Doug Walker was a visitor in Medicine Hat one day last week.

Mr. and Mrs. Hirst Goldthorpe were visitors in Lethbridge on Monday last week.

Mr. and Mrs. Fred Walker and granddaughter, Paula Joy spent

last week at Kalispel, Montana.

Mrs. Florence Hart and son Walter and Mrs. Pete Ruppert were visitors in Lethbridge on Monday of this week.

Doug Scotney was a weekend visitor at his home in Vulcan.

Mr. and Mrs. Verne Volesky were visitors in Vulcan on Friday of last week.

### HOME & SCHOOL ASSOCIATION

The April meeting of the Lomond Home & School Association was held in the school Wednesday, April 11. The president, Mrs. Melvina Magnuson, opened the meeting and the creed was repeated in unison. Discussion was held as to whether a delegate will be sent to the Home & School Convention in Calgary. The convention will be held May 15-18. No official delegate was chosen, but it is believed that someone will represent the association.

A nominating committee consisting of Mrs. Muriel Sokvne, Mrs. Velma Booth and Ross Ruggles was set up. The committee will set up a slate of officers to be presented. General nominations from the floor will be added, and the officers elected at the May meeting.

It was decided that the Closing Exercises will be held in the hall. The Grade 12 rings have been ordered. The Grade nine students will receive artificial corsages and boutonnieres.

Mrs. Magnuson then reported on the tour of the Technical School at Calgary. The students viewed many fine exhibits and seemed to enjoy the tour very much. There also seemed to be more opportunities for boys than for girls.

The program was presented by the teachers. Miss L. Lucas and Miss L. Booth presented a discussion of the arithmetic course "Seeing Through Arithmetic", which is to be introduced next term. They pointed out some of the new ideas of the course.

Lunch and a social period brought the evening to a close.

### 7th ANNUAL CHARTER NIGHT

The Lomond Lions Club held their 7th Annual Charter Night at the Lomond Community Hall, on Friday evening, March 23. There were 190 Lions, ladies and guests present for the banquet which was much enjoyed by all present. Call to order by Lion President Doug Walker with singing, "O Canada" and "America." Pianist was Lion Smokey Jones. The invocation was given by Lion Bill Brown.

Tailtwisters for the evening were introduced. The guests for the evening and the visiting clubs were introduced. Civic greetings were presented by Mayor Lion Oliver Hart. The toast to the ladies was proposed by Lion Reg. Frost and very capably responded to by Mrs. Melvin Magnuson. Toastmaster for the evening was Past President Lion Hirst Goldthorpe.

The guest speaker for the evening was District Governor Lion Don Wilcox of Shelby, Mont. The program followed with some fine renditions of Irish songs by the Taber quartette and a short skit by the local club. The Taber orchestra provided some fine music for the evenings dance. After the dance a snack bar was set up by the ladies.

The corsages presented to the ladies were made up by the

Travers Little Ladies Club who did an excellent job in making them. The girls range in age from 4 to 14 years. The banquet dinner was prepared by the Lions wives and served by the Boy Scouts (their first attempt). They were helped in the kitchen by their mothers and other ladies of the community. The Scouts did a very fine job of serving and Lion Doug Walker thanked the boys and the ladies helping on behalf of all the Lions.

Visiting clubs attending were from Champion, Vulcan, Arrowwood, Norridge, Milo-Queenstown, Lethbridge, Mossleigh and Taber. Among the guests were District Governor Lion Don Wilcox and his wife Bernice of Shelby, Mont.; International Councillor Lion Charlie Linn of Lethbridge; Zone Chairman Lion Wilbur Matlock and wife Betty of Champion, and Candidate for District Governor Lion Karl Nutter and his wife Edna of the Coutts-Sweetgrass Club.

### ENSIGN

On Wednesday, April 4 the Archie Ferguson family spent an enjoyable evening in Calgary at the Jubilee Auditorium where the Prairie Bible Institute Choir and Orchestra presented "None Other Name". There wasn't enough seating capacity in the auditorium for the people that attended from many points in Southern Alberta. Mr. and Mrs. Harry Brown of Okotoks were visitors at the B. Brown home the first part of the week.

Mr. and Mrs. B. Brown accompanied by Mrs. Bert Larsen and Fay, and Mr. and Mrs. Boyd Chartrand and baby, were Lethbridge visitors on Monday. Mr. and Mrs. Chartrand went on to Coaldale to visit Boyd's parents.

Mrs. Eric Thorp returned home on Sunday after spending a few days in Edmonton, where she received a medical check up after her ear operation.

Harry Brown got the surprise of his life last Saturday night when he got a 29 cribbage hand, while playing with his neighbors.

One ungrateful man does an injury to all who need help.

the day of the celebration in June they automatically forfeit the buck. Two weeks ago the above picture was taken in front of the Associated Store.

### DON'T EVER BE AFRAID TO CONSULT A PHYSICIAN

An ancient fable tells of a tyrant who threatened to kill exactly 1000 people in a city of millions. The next day more than half the population died from fear of being chosen.

If you have any re-occurring symptoms of sickness visit your physician. Even a presently incurable disease can be controlled if the diagnosis is early. And, the odds are he can prescribe one of the new drugs in our prescription department that will give permanent relief.

A RARE OCCURRENCE led to the name "Rarity" being given this gilt owned by Simon Vanderploeg of Brant. The one-year-old gilt farrowed a litter of 11 strong, healthy piglets just 20 days after farrowing a litter of nine. Rarity's first litter was put in the care of her sister while she completed far-

rowing her second litter. Before the day was over the second batch of piglets was placed with another gilt that had farrowed only one live pig from a litter of seven and Rarity fed her first litter again. The photos were taken by Alex Eliuk of Brant.
